SUBJECT: Administrative Problems at [REDACTED]

REFERENCE: Memo dtd 5 Nov '62 to DD/S fr IG, subj.  
same as above

25X1

I have looked into the administrative problems which are described in reference memorandum, and I believe they can be resolved through normal channels without too much difficulty. The [REDACTED] had not previously referred these matters to Headquarters, and the Chief of Support of the Office of Communications has been asked to see that your recommendations are implemented. He will coordinate his actions with the Base and the Inspection Team, and I will advise you if we encounter unforeseen difficulties such as [REDACTED] customs, duties, or cover problems.
